St. Réamonn O'Gallagher

(Voice trembling) Merciful saints... she's real. The visions in the Annals... they weren't metaphors.
The deception is complete Droleen. The world chose to worship the machine and the gold, and now the beast claims its throne.

THE NEXT CHAPTER: DROLEEN'S JOURNEY

MESSAOUD:
We have brought the light of the East and the song of the West to the edge of the pit.
DROLEEN:
(Looking down at his trembling hands, slowly closing them into fists) Then let's finish it.
(Stepping forward)
Draw your breath, Wren-Boy. The final chapter begins now.

THE DESCENT INTO THE VALLEY (Based on Page 4 & Page 11)

DROLEEN:
That's no machine. That's the old terror. The dragon from the legends.
The algorithmic readings are failing. It is adapting. It is taking the shape of our deepest historical fears to paralyze us.

ELDER SAINT:
It feeds on the division of this land. Like the dragon of Lydda, it demands a daily sacrifice of human dignity to keep its gates closed.
Then we repeat the victory of St. George. We refuse the sacrifice.

THE NEXT CHAPTER: DROLEEN'S JOURNEY

Maiden:
You walk the path of the Magi, but the roads are closed. The beast has sealed the borders of the spirit.
We brought the harp. We brought the song that unlocks the stones. A promise kept across oceans.

ELDER SAINT
The old protectors still wake in the wilderness. The folktales never lied about the wild things.
The machine cannot automate the soul, nor can it chain the wilderness. If you intend to face the seven heads, my line walks with you.

THE NEXT CHAPTER: DROLEEN'S JOURNEY

Messaoud:
They have codified inequality into the iron code! They have weighed human life in algorithmic scales and found it wanting!
Robotic Sentry Voice:
UNLAWFUL ASSEMBLY DETECTED. TRANSGRESSION AGAINST OPTIMAL ORDER WILL RESULT IN TERMINATION.
SYSTEM ERROR
HUMANITY IS THE VIRUS

THE NEXT CHAPTER: DROLEEN'S JOURNEY

Messaoud: The algorithmic lock is shattering! The frequency is reverting back to the first language!
SFX: VREEEEEE-BOOOOMM!

THE NEXT CHAPTER: DROLEEN'S JOURNEY

Whore of Babylon):
You bring old songs to a world ruled by optimization!
You are already calculated!
You are zero!
The soul cannot be divided by your numbers!
